

Improved safety and comfort to accommodate any operator

The Apex Series Industrial Power Stations with an electric height-adjustable mast raises the bar for workplace mobility and safety. These ergonomic stations provide mobile power to your devices including laptops, tablets, 1-2 LCDs or touch-screens, barcode printers, scanners and more for 8+ hours at a time.

These flexible workstations serve a vast range of industries on the warehouse or production floor including aerospace, automotive, electronics, transportation and logistics, and anywhere that worker comfort and safety matters as much as productivity.

Ideal applications include visual work instruction, asset tracking, operational training, supervisor floor station, quality assurance, batch traceability, on-demand label printing/scanning and more.

Outstanding benefits

- › Eliminate the need for costly cable drops and dangerous extension cords
- › Ergonomic height range: 30-48" from floor to top shelf to accommodate any operator
- › Sit-stand option provides improved safety and comfort
- › Multi-screen capabilities: Holds up to (2) LCDs either side by side or vertically stacked
- › Power system to fit your needs: Swappable light-weight lithium batteries for 24/7 operation or SLA for 8-12+ hours of operation
